

FRIENDS HOPING JOHN A. KEALOHA MAY BE PARDONED

Former Supervisor of Hawaii County Serving Sentence for Embezzlement

Friends of John A. Kealoa, the former Hawaii county supervisor now confined in the territorial prison, are hoping that his name will be included in the list of Christmas pardons and paroles which Governor Pinkham will issue for prisoners at the territorial penitentiary this year. Kealoa was sent to the prison early in 1914 under a three year sentence for embezzlement of funds belonging to the district of North Hilo. The complete list of the governor's pardons will be made public tomorrow.

Kealoa was road overseer for South Hilo during 1911 and 1912, and supervisor from North Hilo from January 1, 1913, until removed upon his conviction in January, 1914. Referring to the case the Hawaii county investigation committee says in its report to the governor:

"Payrolls were padded to a shameful degree. Exorbitant wages were paid to favorites of the supervisor. Material belonging to the county was sold and the proceeds pocketed."

"Examination of receipts at the treasurer's office showed that payments known to have been made to Kealoa had never been turned over to the county. Based on these several indictments were returned against Kealoa for embezzlement."

"The grand jury later returned five indictments against Kealoa for forgery," says the report in another section.

EXPECT 800 AT CENTRAL UNION TREE TONIGHT

More than 800 members of the Central Union Bible school with their friends will gather at the Central Union rooms at 7 o'clock this evening for a real old fashioned Christmas celebration. Santa Claus will be there to give presents to the members of the school, and a real Christmas tree will be on exhibition.

Ed Towse will be the chairman, and he has arranged for a number of features for the evening. George Casper, chairman of the music committee, has secured a 10 piece orchestra which will furnish the music for the Christmas carols. Mr. Casper will render a number of violin solos, and other musical numbers will be on the program.

Miss Margaret Hopper has charge of all arrangements for the presents and children joyland features, and the program will be arranged so that each person will receive some gift. Santa Claus will be there with a Christmas spirit, though his name has not been announced and will not be until this evening.

Each member of the Sunday school will bring a present this evening, and these presents will be given to a committee who will deliver them to the poor children of the city on Christmas Day. Miss Hopper has announced that parents of the children of the Sunday school will be invited to occupy gallery seats during the evening.

on the mainland are very good, but that as yet people are not making any big applications for loans. He thinks this may be due to the fact that they are waiting to see the result of next year's election. People are talking a republican administration pretty soundly for next time, he says.

"Honolulu must support the Great Northern," says the supervisor. "If we get behind the big vessel we can keep it on the run for good. I was much pleased with the ship in every way."

"Southern California people and tourists who come out to Los Angeles are much pleased with the plan of touching the southern city on the run to Honolulu. I heard frequent comment on the boat and in Los Angeles regarding this schedule.

"Several people suggested that the boat might better stay one day less in San Francisco and one day more in the islands, and personally I feel that this would be a good thing. It would also be well if the boat could pull out at 4 o'clock in the afternoon rather than at 11 o'clock at night."

There is big promise of an immense crowd of tourists on the Great Northern in January, Mr. Shingle says, at least 500 or 600. The booking is practically complete already for the first sailing of the new year.

PROBE CASE OF FILIPINO SUSPECTED OF ASSAULT

The territorial grand jury this afternoon was believed to have investigated the case of Ricardo, a Filipino, who, according to court officials, has been positively identified by Mrs. F. W. Palmer, wife of Captain Palmer, U. S. A., as the man who assaulted her on the evening of October 3 at the residence of Lieut. W. C. Whitten. Ricardo now is serving a prison sentence for burglary. Harry T. Lake, detective for the city and county attorney's office, has been steadily at work on the case since the assault. Mrs. Palmer was alone in the house at the time of the assault. She jumped from a window to escape.

JOY REIGNED SUPREME AT BOYS' SCHOOL

Inmates at Waialea Had Time of Lives at Xmas Celebration Given By Honoluluans

On behalf of the Industrial Schools Board I wish to express thanks to the public who so kindly contributed to the Christmas entertainment of the Boys' and the Girls' Industrial Schools. In all \$166 was contributed to the fund, and I assure you that money never gave more joy than this. To many of the boys it was the first Christmas they had ever known, and to all it was an occasion that they will not soon forget. We believe that the event marks a new and better understanding between the boys and the public, of which they will soon become an integral part. And so accept our thanks.

W. L. WHITNEY, For the Board.

Christmas came and went at the Boys' Industrial School at Waialea yesterday and, to quote one who was there, the celebration was a "howling success."

"The most dangerous thing for a boy, and especially for a young boy, is to consider that he is out of the pale of society," a member of the new industrial schools board said today. "That is the only difficulty in having an industrial school so far from town. Society is likely to forget the boys, and think of them as outcasts."

"The fact is that a large majority of the boys at the Waialea school are sent there simply because their home conditions are impossible. This is witnessed by the fact that there are so many small boys in the school. We want to convince the boys that the public has not forgotten them; that they are sent there to become better members of society and not to be punished for what they have done in the past."

Valuable for Public. "The public has got to do its part. So we think this Christmas gift to the boys is even more valuable in its reaction on the public in getting it interested in the boys than in just providing the boys with a good time."

As a result of generous contributions given by Honoluluans, the boys had the time of their lives yesterday afternoon and evening. The Christmas celebration furnished at the instance of the industrial schools board was a tremendous success from start to finish, a big factor in the success being the fact that all the members of the board, as well as about a dozen others from Honolulu, were present to assist in the good time.

Those who went out to the school yesterday were Judge and Mrs. W. L. Whitney, Mr. and Mrs. F. C. Atherton, Mrs. A. L. Andrews, Dr. C. B. Cooper, Mrs. F. W. Macfarlane, Miss Bertha Ben Taylor, Father Valentin and guest, Pres. A. F. Griffiths, Miss Leonora Anderson of the Y. W. C. A., and three assistants, Miss Edith Sutton and James A. Wilder.

Prior to the arrival of the visitors the boys had a big Christmas dinner in the school dining hall, and when the Honoluluans arrived the boys were assembled in the main study hall—a quiet, well-behaved crowd. There were 141 of them.

Mr. Atherton opened the program with an artistic and clever exhibition of club-swinging, which "brought down the house" and extracted tumultuous applause from the boys. There was a concert on the phonograph, after which Mr. Wilder, in the role of Santa Claus, descended upon the gay crowd and distributed Christmas presents from a huge tree. Each boy received an individual present, with his name on it. Each present consisted of a big silk handkerchief for the neck, a big bag of candy, a huge sack of jumbo peanuts and two cornucopias. The 10 gallons of vanilla and strawberry ice cream disappeared like snow in the sun.

A Filipino orchestra played between times, and Miss Anderson gave an exhibition of Irish jigs and fancy dances which was both a novelty and a delight to the boys.

There was not one unpleasant incident during the evening. Actions spoke louder than words in the matter of appreciation, and it would be hard to find a single boy who did not thoroughly enjoy himself.

When the visitors from Honolulu left at 9 o'clock, the Filipino orchestra was still playing.

President Griffiths was chairman of the celebration. Mrs. Andrews and Mrs. Macfarlane were in charge of purchasing the presents.

HAZING ALLEGED CAUSE OF DEATH OF STUDENT

ROANOKE, Va. — Thurber Sweet, the 17-year-old son of a Chicago millionaire, is dead of injuries which he claimed to have received by hazing at Virginia Military Institute.

Sweet left the institute early in October, claiming he had been beaten with bayonets. Students at Washington and Lee cared for him, and Dr. J. M. Scott attended him. When Sweet's condition became worse he was removed to the institute hospital, where he died.

Superintendent Nichols of the institute said that so far as he knew there was no truth in the claim that Sweet's death was due to hazing.

Mme. Marcella Sembrich, ill with pleurisy at a New York hotel, is considerably improved.

Australia's last census revealed the presence of 52,951 naturalized British subjects.

JORDANS PRESENT MANY XMAS GIFTS

Records Broken This Year in Sales of Christmas Articles

"This year breaks all records for Christmas shopping at our store," is the statement made by the heads of all departments at Jordan's, on Fort street. This afternoon every aisle was crowded with shoppers, who looked at the many pretty things on sale at the store.

A journey through the different departments showed many styles of silk sweaters, beautiful evening gowns of every shade, pretty colored kimonos and many other gifts that have been featured. One case showed an array of gift combs that proved to be a mecca to the busy shoppers.

On the second floor a number of shoppers seated around the mirrors trying on the various hats that were on exhibition in millinery department. On one side were Bendel hats, and on the other Burgessers and Rawarks. This department alone has increased the sales over last year fully 50 per cent.

Whoever decorated the windows at Jordan's has an idea of beauty. Hundreds stopped as they saw the many varieties of gowns which were shown off in a way that would do credit to the leading window dressers of the country.

MONTHS IN HOSPITAL FOR DANE AS RESULT OF BEING RUN DOWN

J. S. Dane, in the opinion of Dr. R. G. Ayer, emergency hospital surgeon, will spend three months in the hospital and possibly lose his left leg as the result of being struck and dragged 15 feet by an automobile driven by Miss Alice L. Hopper, daughter of William L. Hopper, who lives at 1802 Keeaumoku street.

Dane was taken to Queen's hospital this morning, and Mr. Hopper has offered to pay all bills incurred by reason of the injuries.

The statement of Miss Hopper and that of Dane agree as to the accident. Dane was coming Ewa on Kinau street on a motorcycle and Miss Hopper was driving an auto along Keeaumoku. Dane saw the auto too late to avoid a collision. Miss Hopper tried to turn out when she saw Dane coming, but he turned at the same time and his motorcycle went under the front wheels of her car.

Dane is a carpenter and lives on Beretania street, near the German church.

Charles F. Jenkins, detective sergeant of San Francisco, arrived in Honolulu today to take back to the mainland a Greek woman who came to Honolulu under the name of Mary Bonowitz. According to Mr. Jenkins, the woman is wanted by the San Francisco authorities on a charge of grand larceny, it being alleged that she robbed a man of \$500 in coin, jewelry valued at \$600 and a check for the sum of \$2500. The woman is in detention at the police station.

There are now in the United States 4,063,028 persons native to Germany, Austria and Turkey, and 6,88,724 native to the nations fighting in the opposing alliance.

MRS. MOORE HAS NEVER REGAINED CONSCIOUSNESS

The nearest that Mrs. G. H. Moore

has come to regaining consciousness since she was struck by an automobile driven by Miss Dorothy Spring was at one time yesterday when her eyes opened for a moment. Mrs. Moore today is still paralyzed on one side, and appears to be just as she was the morning after the accident. Dr. H. V. Murray, the attending physician, thinks there is slight improvement in the patient's condition.

Mrs. Moore is at the home of her sister, Mrs. Carvalho, at 1631 Liliha street, and is attended by nurses day and night. Dr. Murray is making several calls every day. Her condition is still regarded as precarious.

RICH MINING MAN HERE ON FIRST VACATION IN NEARLY THIRTY YEARS

James F. Callahan, who has become a multimillionaire since last April, arrived in Honolulu today on the Great Northern, to spend two months in the islands — the first vacation he has had in almost 30 years.

Mr. Callahan is controlling owner of the famous Interstate Callahan zinc mine in the Coeur d'Alene district in northern Idaho. Until the European war broke out the mine paid no profits, but since April, when the price of spelter soared, the company has paid out \$2,557,445 in dividends—and most of it went to Mr. Callahan, says the Spokane Chronicle of recent date.
